Feladat

Your tasks / responsibilities are strongly depending on your seniority level and Azure experience (juniors are welcome as well)

- Depending on the stakeholder's current journey to the cloud, consulting about complex and challenging architectural scenarios based on their business and technical requirements
- Developing manual and automated landscape deployments and validations, integrating with CI/CD pipelines
- Participating in planning of migrations and supporting migration engineers, coordinating different tasks and teams during the migrations
- Cooperating and orchestrating within different teams
- Writing HLD and LLD plans for upcoming projects
- Covering cost optimization topics by automating

Profil

Technical skills

- Hands-on experience with Azure services (IaaS, PaaS, SaaS etc.)
- Deep understanding of basic infrastructure / public cloud elements such: hybrid cloud, networking, identity management, security, databases (NoSQL), networking, operating systems
- Strong communication / presentation / white boarding skills
- Scripting / Programming background (PowerShell, Perl, JSON, microservices, serverless architectures)
- DevOps mindset
- Demonstrating knowledge by holding Proof Of Concepts, presenting on public events

Education

- Bachelor degree

Certifications

- Azure Solutions Architect
- Optional - Azure DevOps Engineer

Soft skills

- Fluent English
- Good team player
- Eager to learn new technology skills and pass certifications

- Agile way of thinking

Rólunk

Present in the market under the Deutsche Telekom IT Solutions brand name, IT-Services Hungary (ITSH) is a subsidiary of the Deutsche Telekom Group and is the largest ICT employer in Hungary. Established in 2006, the company provides a wide portfolio of IT and telecommunications services with more than 4500 employees. ITSH was awarded with the Best in Educational Cooperation prize by HIPA in 2019, acknowledged as one of the most attractive workplaces by PwC Hungary's independent survey and rewarded with the title of the Most Ethical Multinational Company in 2019. The company continuously develops its four sites in Budapest, Debrecen, Pécs and Szeged and is looking for skilled IT professionals to join its team.
